

2018 CONNECTIONS OPPORTUNITIES

Pray about which of these mission trips and local opportunities you'll be involved in this year. Our mission trips fit into four categories that describe the goal of the trip:

- church-planting
- evangelism
- discipleship
- support/service/care

For more information on any of these opportunities, contact the person listed. Please pray for all of these opportunities throughout the year as we live on mission to love God, love people and help others do the same in our community and around the world!
